GES PTO News

Donuts WITH DAD

PTO is looking forward to hosting Donuts with Dad this Holiday season! Donuts with Dad is next week. Make sure you turn in your form! We are looking forward to seeing you and making this a great event for the students.

The Pirate Boosters will have a very special visitor at school! Next week, Santa will visit every single classroom and deliver a special package. Be sure to ask your child what he brought! Again, this is made possible because of the hard work of GES students and the money raised from the Walk-A-Thon.

Thanks to our wonderful PTO for helping with Donuts with Dad, Santa and Mrs. Claus, classroom enhancements, and organizing the Room Mother program to

help with classroom parties. THANKS to the room mothers for all of your help. Lastly, a HUGE thanks to our parents and community members who helped us raise money at our Walk-A-Thon so we can provide our students with these opportunities

Our **Science Club** will meet on Monday, December 12 from 2:50 –4:00. Students will be working on interesting and exciting science topics.

GES Giving Back: We have a fantastic school of caring students. Several grade levels are doing a service project for our community during the Christmas season. Instead of exchanging gifts, grade levels have chosen to collect items for and donate to specific groups. Kindergarten is collecting socks for the **Kid's Closet**, First Grade is collecting soap, scarves, shampoo, and socks to **TLC**, Second Grade is making wreaths for local nursing homes and Fifth Grade is collecting money to provide a Christmas for a local family. In addition, the Student Council is collecting kid friendly foods to donate to the **CHEER FUND!** 3rd grade will be doing a Valentine service project for our local animal shelter and 4th grade will be doing a spring service project for the **Kid's Closet** and nurse. We are so proud of our students !

UPCOMING EVENTS

- December 12-16 Star Lab– 5th Grade
