2022-2023 Naturalization Examination Results

Each student enrolled in a United States Government course where credit is awarded for General, Core 40, Core 40 with Academic Honors, or Core 40 with Technical Honors designation is required to take the naturalization examination provided by the United States Citizenship and Immigration Services (USCIS) as administered by the student's high school. United States Government courses include Advanced Placement, International Baccalaureate, dual credit, and Cambridge International courses. Students do not need to pass the naturalization examination in order to pass the United States Government course. Retests are not required or published in the results. The GCHS Cohort of 2023 met the requirement with a 91% pass rate.
